

MIXD Gallery delivers a curated mix of readily available art from established and emerging artists in our region.

With your story at the heart of every project, the MIXD team will curate art specific to the needs of your space. We begin by immersing ourselves in your aesthetic preferences, goals, timeline, and budget to thoughtfully understand your vision. Once we've worked with your team to develop an approved art package, we execute and bring the project to life.

Why MIXD Gallery?

Community Impact

Every project your business launches with MIXD Gallery puts dollars into the pockets of artists in our community.

Regional Artwork

By collaborating with working artists in our region, we are able to source locally made artwork that reflects your values and offers support to your creative community.

Dynamic Rotation

Rotate artwork at the frequency of your choosing to build a dynamic space that inspires those who use it.
